Our provenance

Wherever possible, we try to source all our produce locally. We are fortunate to be able to work with local suppliers to get the best from Scotland's natural larder and great food producers.

D&D Dairies in Crieff provide us with milk, cream, butter and cheese which is used in everything from our coffees, teas and scones to sandwich and ciabatta fillings. **The Egg Shed** from Dunkeld provides us with eggs used in our home baking and sandwich fillings. Our meats in our ciabattas, sandwiches and pizzas come from **MacDonald Bros Butchers** and **Campbells Prime Meat** and our salmon is from **Dunkeld Smoked Salmon**.

The delicious range of cakes we sell are made in our own kitchen using the finest ingredients and our Gluten Free range is supplied by **Lazy Days Foods** near Coatbridge. Jam for our scones are supplied by **Sarah Gray's Preserves** (Arbroath) and our chutneys by **Galloway Lodge Preserves** (Castle Douglas). These are also sold in our shop.

The salad dressings we use are also available to purchase and sourced from **Summer Harvest** (Strathearn Valley, Perthshire). We also stock **Mackies** crisps.

All our fruit & veg used in our soups, side dressing and homebaking are provided by **Les Turriff** (Dundee).
